

**PREDATOR™ VENGEANCE™
 UNITIZED WHEELS**

PREDATOR VENGEANCE wheels have excellent durability, making it great for controlled material removal. The versatility of both sides make it easy to use for surface preparation applications like deburring, cleaning, and finishing on a wide variety of metals and composites.

TARGET MARKETS

- Aerospace
- Metal Fabrication
- Food & Beverage
- Automotive
- Pharma & Medical
- Tool & Die and Stamping
- Oil & Gas

APPLICATIONS

- Blending
- Deburring
- Cleaning & Finishing
- Polishing

METALS

- Stainless Steel
- Mild Steel
- Exotic Alloys
- Aluminum

PERFORMANCE COMPARISON

PREDATOR VENGEANCE outlasts typical non-woven discs with:

aggressive cut rate

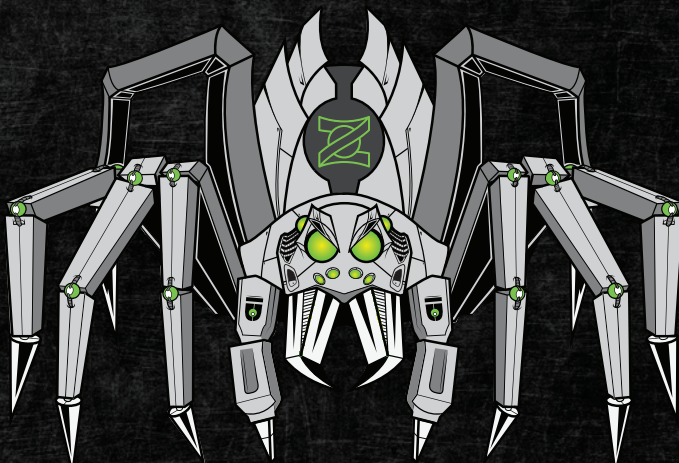

longer product life

exceptional durability

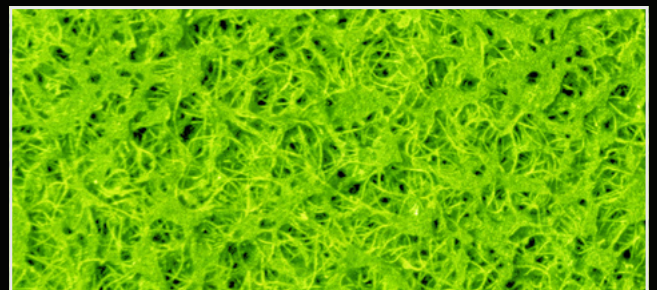

additional margin to your bottom line

AGGRESSIVE, LONG-LASTING, & DURABLE

PREDATOR VENGEANCE is an aggressive ceramic blend **fused with Z-WEB technology**, offering long product life that results in shorter cycle times. The uniform construction of VENGEANCE delivers results on sharp edges and irregular-shaped parts.

**STRUCTURE SHOWS THE EXCLUSIVE
 IMPREGNATION & DISTRIBUTION PROCESS**

VENGEANCE

SOLUTIONS WITH A VENGEANCE

ACCELERATE PRODUCTION & SAVE TIME

The exclusive impregnation and distribution process create a consistent product that results to improved productivity from fewer product changes.

WITHSTANDS TOUGH APPLICATIONS

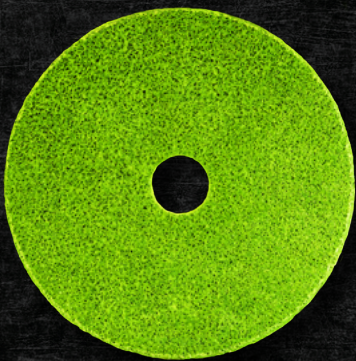

VENGEANCE wheels combine strong ceramic grains with Z-WEB non-woven material that withstands hard applications.

MATERIAL ADAPTABILITY

VENGEANCE wheels are versatile and can be used on a wide variety of applications. The structure of VENGEANCE material can withstand high-end applications that leave a polished finish.

AVAILABLE IN:

PREDATOR VENGEANCE
GRADE 7C MED
