

2" x 45" Very Fine Z-WEB™ Surface Conditioning Belt

Part No: 64020453

ARC Abrasives' Z-WEB Surface Conditioning Belts are designed for versatile performance across various grinding and sanding operations, from mild stock removal to fine finishing. Available in a wide range of sizes, these belts can be customized to fit nearly any tool or machine, ensuring a perfect match for your specific needs.

Features & Benefits:

- **Uniform Finish:** The dimensional structure of the belt provides a consistent and uniform finish across different materials.
- **Cost-Effective:** An economical choice for occasional users who require reliable performance without high costs.
- **Reinforced Backing:** Adds strength and durability to the belt, ensuring long-lasting performance even in demanding applications.
- **Tighter Weave:** Resists stretching, maintaining the belt's shape and effectiveness over time.

For dependable and precise surface conditioning, ARC Abrasives' Z-WEB Surface Conditioning Belts offer the durability, consistency, and customization needed for a wide range of applications.

Specifications

Item Weight	0.204700
Surface Types	Aluminum, Mild Steel, Non-Ferrous
