

5" X 7/8" ARC Strip Extra Coarse

Part No: 0732-0508

The ARCSTRIP Disc is your go-to solution for tough surface preparation and material removal tasks. Constructed with a strong, continuous nylon filament and embedded with coarse silicon carbide grit, this disc excels at efficiently stripping away stubborn coatings such as rust, paint, scale, and oxidation. It also tackles logging materials like grease, salt, oil, and protective waxes with ease.

Features & Benefits:

- **High Efficiency:** The coarse silicon carbide grit ensures fast and effective removal of resistant materials.
- **Versatile Application:** Perfectly suited for stainless steel, aluminum, titanium, nonferrous materials, and alloys.
- **Durable Construction:** The continuous nylon filament offers strength and longevity, allowing for consistent performance in demanding tasks.

Specifications

Item Weight	0.240000
Weight UOM	LB
Surface Types	Aluminum, Mild Steel, Non-Ferrous
Freight Class for BOL	ABRASIVE PRODUCT
Structure	High Strength
Mineral	Aluminum Oxide
NMFC Number for BOL	ABRASIVE CLOTH OR PAPER INCLUDING EMERY OR SANDPAPER
Product Line	None
Diameter	5"
