

2" x 1" 36g Aluminum Oxide No Lap Band

Part No: 77410

ARC Abrasives' No Lap Bands are engineered for superior blending and polishing of contoured surfaces. These bands provide smooth, chatter-free operation, making them perfect for hard-to-reach areas while ensuring a high-quality finish on all metals.

Features & Benefits:

- Smooth, Chatter-Free Operation: Ensures a consistent, even finish without vibrations or irregularities.
- High Heat and Pressure Resistance: Built to withstand demanding conditions, maintaining performance under high heat and pressure.
- Inner Cloth Liner: Adhered to the band for added durability and to prevent slippage when used on an expandable drum.
- No Tooling Required: Easy to use with no additional tooling needed for the operator.
- Great for Curved and Contoured Areas: Especially effective in finishing curved and contoured surfaces, delivering a refined result.
- Fast Cutting and Smooth Finish: Provides efficient cutting while leaving a smooth, even finish.

For blending and polishing tasks that require precision and durability, ARC Abrasives' No Lap Bands offer exceptional performance and versatility in curved and contoured areas.

Specifications

Item Weight	0.000000
Weight UOM	LB
Surface Types	Aluminum, Mild Steel, Non-Ferrous, Stainless Steel
Structure	Other

Performance Coat	No
NMFC Number for BOL	ABRASIVE CLOTH OR PAPER INCLUDING EMERY OR SANDPAPER
Freight Class for BOL	ABRASIVE PRODUCT
Product Line	None
Diameter	2"
Grit	36
Max RPM	11,000
Width	1"
