

2-1/2" x 1/32" x 1/4" Type 1 A60T Cut-Off Wheel

Part No: 87716

Unlock unmatched performance with ARC Abrasives' premium cut off wheels, engineered to deliver a perfect balance of cutting speed and longevity, even in the most challenging metal fabrication applications. Available in both Type 1 (T1) and Type 27 (T27) styles, our cut off wheels are built to excel under the toughest conditions.

Features & Benefits:

- Precision Thickness: Ensures refined cuts and exceptional control, making every job smoother.
- Reinforced Strength: Designed to handle the most demanding cutting applications with ease, providing reliability you can trust.
- Durability Under Pressure: Stands up to heavy pressure, making it ideal for heavy-duty tasks.
- High Stability: Offers consistent performance, allowing for precise and safe operation in any environment.

Specifications

Item Weight	0.019500
Weight UOM	LB
Surface Types	Aluminum, Mild Steel, Non-Ferrous, Stainless Steel
Mineral	Aluminum Oxide
Structure	Other
Performance Coat	No
Thickness	1/32"
NMFC Number for BOL	ABRASIVE GRINDING WHEELS, BENCH WHEELS, OR FIBRE DISCS

Freight Class for BOL	ABRASIVE PRODUCT
Diameter	2-1/2"
Grit	60
Max RPM	24,400
Packaged In	Box
