

4" x .04" x 1/4" Type 1 A60T Performance Coated Cut-Off Wheel

Part No: 904041405W

Unlock unmatched performance with ARC Abrasives' premium cut off wheels, engineered to deliver a perfect balance of cutting speed and longevity, even in the most challenging metal fabrication applications. Available in both Type 1 (T1) and Type 27 (T27) styles, our cut off wheels are built to excel under the toughest conditions.

Features & Benefits:

- Precision Thickness: Ensures refined cuts and exceptional control, making every job smoother.
- Reinforced Strength: Designed to handle the most demanding cutting applications with ease, providing reliability you can trust.
- Durability Under Pressure: Stands up to heavy pressure, making it ideal for heavy-duty tasks.
- High Stability: Offers consistent performance, allowing for precise and safe operation in any environment.

Specifications

Item Weight	0.053600
Weight UOM	LB
Surface Types	Aluminum, Mild Steel, Non-Ferrous, Stainless Steel
Market Application	Cutting, Metal Working
Mineral	Ceramic Blend with Performance Coating
Structure	Other
Performance Coat	Yes
NMFC Number for BOL	ABRASIVE GRINDING WHEELS, BENCH WHEELS, OR FIBRE DISCS

Freight Class for BOL	ABRASIVE PRODUCT
Product Line	Predator (Ceramic Hybrid)
Diameter	4"
Grit	60
Max RPM	19,100
Packaged In	Box
