

3" x 1" x 1/4"-20 80g Aluminum Oxide Premium Mounted Flap Wheel

Part No: 12346

ARC Abrasives' Mounted and Unmounted Flap Wheels are versatile tools ideal for light grinding, blending, deburring, and finishing applications on a wide variety of metals. The radial flap design ensures a continuous supply of fresh abrasive grains, delivering consistent cutting action and a smooth finish. These flap wheels conform to different geometries, making them perfect for both flat and contoured surfaces.

Features & Benefits:

- **Versatile Application:** Suitable for all metals, offering reliable performance in various grinding, blending, and finishing tasks.
- **Uniform Finish:** The dimensional structure reduces loading and ensures a consistent, even finish across different surfaces.
- **Conforms to Contoured Surfaces:** Adapts to the shape of the workpiece without altering its geometry, making it ideal for complex profiles.
- **Mounted Shank:** Requires no additional accessories or adapters, simplifying the setup and making it easy to use on die grinders.

For precise and efficient metalworking, ARC Abrasives' Mounted and Unmounted Flap Wheels provide the flexibility, durability, and performance needed to achieve high-quality results.

Specifications

Item Weight	0.220000
Weight UOM	LB
Surface Types	Aluminum, Mild Steel, Non-Ferrous
Market Application	Deburring, Finishing, Grinding

Backing Weight	X-Weight Cloth
Structure	Cloth
Mineral	Aluminum Oxide
NMFC Number for BOL	ABRASIVE CLOTH OR PAPER INCLUDING EMERY OR SANDPAPER
Freight Class for BOL	ABRASIVE PRODUCT
Product Line	None
Diameter	3"
Grit	80
Max RPM	20,000
Width	1"
