

3/4" x 3/8" x 3-48 eyelet 60g 8-Ply Aluminum Oxide X-Weight Cross Pad

Part No: 2772805

ARC Abrasives' Pads, including square pads, cross pads, and spin-on overlap discs, are specifically designed for accessing small, tight, and hard-to-reach locations. Their unique layered construction ensures that as the pads wear, new abrasive grains are continuously exposed, providing consistent cutting action for a range of applications.

Features & Benefits:

- **General Purpose Use:** Effective on all metals, offering reliable performance across various tasks.
- **Medium Weight Backing:** Combines a good stock removal rate with durability, making it suitable for both light and moderate tasks.
- **Layered Construction:** Ideal for moderate stock removal, with layers that progressively expose fresh abrasive grains.
- **Perfect for Tight Spaces:** Especially effective for grinding inside corners and other confined areas.

For versatile and reliable performance in challenging and hard-to-reach areas, ARC Abrasives' Pads provide the durability and cutting efficiency needed to achieve exceptional results.

Specifications

Item Weight	0.000000
Weight UOM	LB
Market Application	Cleaning, Deburring, Stock Removal, Weld Blending
Structure	Cloth
Performance Coat	No
NMFC Number for BOL	ABRASIVE CLOTH OR PAPER INCLUDING EMERY OR SANDPAPER

Freight Class for BOL	ABRASIVE PRODUCT
Product Line	None
Diameter	3/4"
