

1-1/2" x 1/2" x 8/32 240g 8-Ply Aluminum Oxide J-Weight Cross Pad

Part No: 27756JW-SR

ARC Abrasives' Pads, including square pads, cross pads, and spin-on overlap discs, are specifically designed for accessing small, tight, and hard-to-reach locations. Their unique layered construction ensures that as the pads wear, new abrasive grains are continuously exposed, providing consistent cutting action for a range of applications.

Features & Benefits:

- **General Purpose Use:** Effective on all metals, offering reliable performance across various tasks.
- **Medium Weight Backing:** Combines a good stock removal rate with durability, making it suitable for both light and moderate tasks.
- **Layered Construction:** Ideal for moderate stock removal, with layers that progressively expose fresh abrasive grains.
- **Perfect for Tight Spaces:** Especially effective for grinding inside corners and other confined areas.

For versatile and reliable performance in challenging and hard-to-reach areas, ARC Abrasives' Pads provide the durability and cutting efficiency needed to achieve exceptional results.

Specifications

Item Weight	0.003900
Weight UOM	LB
Thickness	1/2
Structure	Cloth
Mineral	Aluminum Oxide
Performance Coat	No

NMFC Number for BOL	ABRASIVE CLOTH OR PAPER INCLUDING EMERY OR SANDPAPER
Freight Class for BOL	ABRASIVE PRODUCT
Product Line	None
Diameter	1-1/2"
Length	1-1/2"
