

2" x 1/2" x 8-32 eyelet 240g 10-Ply Aluminum Oxide J-Weight Cross Pad

Part No: 27778JW-1

ARC Abrasives' Pads, including square pads, cross pads, and spin-on overlap discs, are specifically designed for accessing small, tight, and hard-to-reach locations. Their unique layered construction ensures that as the pads wear, new abrasive grains are continuously exposed, providing consistent cutting action for a range of applications.

Features & Benefits:

- **General Purpose Use:** Effective on all metals, offering reliable performance across various tasks.
- **Medium Weight Backing:** Combines a good stock removal rate with durability, making it suitable for both light and moderate tasks.
- **Layered Construction:** Ideal for moderate stock removal, with layers that progressively expose fresh abrasive grains.
- **Perfect for Tight Spaces:** Especially effective for grinding inside corners and other confined areas.

For versatile and reliable performance in challenging and hard-to-reach areas, ARC Abrasives' Pads provide the durability and cutting efficiency needed to achieve exceptional results.

Specifications

| | |
|--------------------|---|
| Item Weight | 0.006400 |
| Weight UOM | LB |
| Market Application | Cleaning, Deburring, Stock Removal, Weld Blending |
| Backing Weight | J-Weight Cloth |
| Structure | Cloth |
| Mineral | Aluminum Oxide |

| | |
|-----------------------|--|
| Performance Coat | No |
| NMFC Number for BOL | ABRASIVE CLOTH OR PAPER INCLUDING EMERY OR SANDPAPER |
| Freight Class for BOL | ABRASIVE PRODUCT |
| Product Line | None |
| Diameter | 2" |
