

5" 150g Aluminum Oxide Film PSA Sanding Disc

Part No: 29008

ARC Abrasives' PSA Discs are designed for a wide range of grinding and sanding operations, from heavy stock removal to fine finishing. Available in a full range of sizes and materials, these versatile discs are compatible with tools ranging from orbital sanders to large back stand grinders. Our PSA Discs come with various backing options, including cloth, paper, and film, and can be equipped with pressure-sensitive adhesive, hook and loop, or plain attachments.

Features & Benefits:

- **Versatile Grain:** Suitable for use on all metals, making it a reliable choice for various grinding and sanding applications.
- **Pressure Sensitive Adhesive:** Ensures secure attachment to pads or platens, while allowing for easy removal without leaving glue residue.
- **Easy Removal:** Designed to be removed effortlessly, maintaining a clean work area and reducing cleanup time.
- **Cloth Backing:** Provides added strength and durability, extending the life of the disc and enhancing performance.

For a dependable and flexible solution in grinding and sanding, ARC Abrasives' PSA Discs deliver the performance and convenience needed for both heavy-duty and precision tasks.

Specifications

Item Weight	0.000000
Weight UOM	LB
Surface Types	Aluminum, Mild Steel, Non-Ferrous
Freight Class for BOL	ABRASIVE PRODUCT

Structure	Film
Mineral	Aluminum Oxide
NMFC Number for BOL	ABRASIVE CLOTH OR PAPER INCLUDING EMERY OR SANDPAPER
Product Line	None
Diameter	5"
Grit	150
