

ARC® APEX PREMIUM CERAMIC CARTRIDGE ROLLS

ARC ABRASIVES is changing the game by adding the latest in ceramic grain technology to their abrasive line. **ARC® APEX Premium Ceramic** Cartridge Rolls attack the metal working industry with enhanced cut ratios, longer life, and cooler operation.

ARC® APEX Premium Ceramic cartridge rolls last twice as long and provide a balance between fracture behavior and stability. Cartridge rolls are commonly used for their flexibility in small areas. The top-sized ceramic grain contours to the surface of stainless steel, titanium, and exotic alloys.

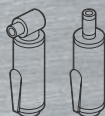

STRUCTURE SHOWS HYPER-SHARPENED CERAMIC TEETH

APPLICATION

Cutting, Stock Removal & Deburring

TOOL

Right Angle Die Grinder
Straight Die Grinder

GEOMETRY

METAL

Exotic Alloys Stainless Steel
