

MARCH MADNESS

WIN [4] TICKETS TO THE FINAL FOUR

PREDATOR™ ceramic hybrid is a proprietary blend of self-sharpening abrasive grains, producing an aggressive cut for mild steel applications. Integrated grinding aids further reduce grinding temperatures that extend the material life.

Our PREDATOR™ Ceramic Hybrid flap discs and quick-loks are up to the challenge for your metalworking needs.

- PREDATOR 4-1/2" TRIMMABLE NYLON / HUBBED FLAP DISCS
- PREDATOR 2" & 3" TYPE-R QUICK-LOKS
